PROFESSIONAL PROFILE

FMCG marketing professional with **2 years** of experience at **British American Tobacco**, **Reckitt** and **Unilever** across Pakistan and the Gulf region. Delivered measurable results in brand activation, product launches, distribution growth and consumer insight, including **19%** month-to-date sales-volume growth and a **2.8%** increase in brand volume share. Experienced in cross-functional campaign coordination, market research and digital/CRM activation planning. MSc Management (Decision Making Pathway), University of Leeds (expected December 2026).

PROFESSIONAL EXPERIENCE

British American Tobacco — Global Graduate, Marketing Executive | Jan 2025 – Sep 2025

- Executed area-level brand visibility and distribution initiatives, contributing to **19%** month-to-date sales-volume growth, an **8%** increase in numeric distribution and a **3% increase** in weighted handling at top-performing outlets.
- Supported VELO category strategy across **six Gulf markets** through competitor analysis, digital and CRM activation planning, and the launch of **two new SKUs** aimed at consumer acquisition.

Reckitt — Management Trainee, Assistant Brand Manager | Aug 2024 – Dec 2024

- Coordinated the end-to-end launch of three Durex variants, working across functions on go-to-market activity and a full-funnel strategy spanning **e-commerce, CRM, SEO** and brand activation; contributed to a **2.8% increase** in brand volume share.
- Analysed household penetration across **3,000+ households** and benchmarked Veet against five competitors; identified a **34% positioning gap** and developed recommendations adopted by the brand team.

Unilever — Human Resources Intern | Jun 2023 – Sep 2023

- Analysed engagement and conversion data from online and offline employer-branding campaigns to refine targeting and messaging; contributed to **2,000+ programme** sign-ups, **30% above target**.
- Analysed employee well-being survey results and developed a cross-functional skills playbook for line managers; contributed to a **26% increase** in annual well-being scores.

EDUCATION

University of Leeds — MSc Management (Decision Making Pathway) | Sep 2025 – Dec 2026 (expected)

Relevant study: Strategic Management, Effective Decision Making, Quantitative Research Analysis, Risk Perception, Data Management and Visualisation.

Lahore University of Management Sciences — BSc (Hons), Economics and Political Science | 2020 – 2024

CGPA: 3.5/4.0 (UK equivalent: 2:1) | Dean's Honours List

SELECTED RESEARCH & PROJECTS

Beauty Marketing Localisation Research | University of Leeds | Jun 2026 – Present

- Ongoing **mixed-methods research** designed to examine how localisation affects perceived authenticity and consumer–brand connection among South Asian consumers; planned sample of **150**, with analysis using **Stata** and **Python**.

Trade Marketing & Commercial Analytics | British American Tobacco | Apr 2025 – July 2025

- Analysed **600 priority retail outlet positions** using Power BI and year-on-year sales data, identifying **37% turnover** in top-performing outlet rankings and recommending improvements to retail targeting and resource allocation.
- Combined retail **performance analytics** with consumer research to identify pricing, availability and repeat-purchase barriers, developing actionable recommendations for commercial strategy and trade marketing.

Hult Prize — Hydroponic Farming Model | 2020–2021

- Developed a food-security business model with a projected **16% sustainable margin**; placed as Runner-Up.
